

I'm John Brezina and run the Parker Chess Club in Parker Colorado. I am also the editor of the Colorado Chess Informant. My passion for chess was re-kindled when visiting the St. Louis chess club in 2014. Meeting Magnus Carlsen then and so many others since, it has inspired me to become an amateur photographer for chess events around the world. This website <<https://parkerchessclub.godaddysites.com>> is a platform to share my many photos, videos and stories that I have been privileged to be a part of.

Dear Chess Journalist of America,

Please accept John Brezina as my nomination for chess journalist of the year award. John is the editor of the Colorado Chess Informant, president of Parker chess club, and works for the airline industry. This provides John with a chance to cover many tournaments around the world as well as cover all the local Colorado chess events. I have compiled a list of activities that John has cover over the year. Please examine the articles from the links I have provided.
